CREATE YOUR PERFECT OUTDOOR SPACE WITH BONITA STONE

EXPOSED AGGREGATE

Bonita Stone are Perth's leaders in manufacturing beautiful, hand-crafted pavers that will transform any outdoor area. We hand produce all of our pavers at our family-run factory in Perth's northern suburbs. With over **20 years of experience**, our friendly team are happy to help you select the best product to suit your needs.

We have completed thousands of jobs over the years and from that have learned a great deal about combining different paving options to get a unique look. Let us help you create your perfect indoor or outdoor space with a stress-free service from beginning to end.

If you would like a quote, a sample or just some advice, please contact us today on 0434 086 084 or info@bonitastone.com.au

Our premium range of **Exposed Aggregate** pavers are available in a variety of colour combinations to add dimension to your paving and are a superb addition to your outdoor areas.

Bonita Stone's exposed aggregate pavers will transform your outdoor space. Exposed aggregate is ideal for paving paths, pools, driveways and patios. Its hard wearing properties and striking finish make it a popular choice for commercial and residential projects.

Our exposed aggregate pavers feature:

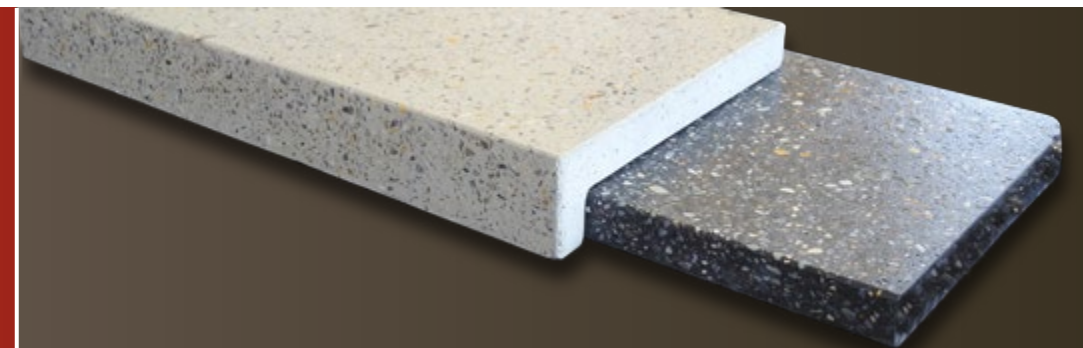

- **A range of styles** – available in 3-7mm coloured stone.
- **Bullnose capping** – matched for a professional finish.
- **Shotblasted finish** – featuring non-slip properties.
- **NEW honed finish available** – a smooth and sleek finish.

WHAT OUR CUSTOMERS SAY

"The team at Bonita Stone are fantastic. I asked for them to quote a pool area and for some guidance concerning the design and feel of the area. They gave me excellent advice and completed the job without a hitch."

Janet, Beckenham

HONED AGGREGATE

A small design detail that makes a big difference.

Introducing our new Honed Aggregate Rebate Paver Range, available in the full colour range including Glowpave. Rebated pavers are designed to drop down over the edge of the pool with the concrete surface extending right down to the waterline.

STANDARD REBATE PAVER

CORNER REBATE PAVER

ADD GLOWPAVE TO ANY OF OUR COLOUR OPTIONS

Glowpave is an exclusive range of paving to Bonita Stone. As the name suggests, it emits light it has harnessed during the day at night time. This creates a very warm and magical atmosphere in your outside area. It is a type of exposed aggregate but with added 'glow stones'.

Spending time outdoors after dark will never be the same again once you witness the luminescent glow now emanating from your patio or pool decks. This form of paving also provides a great way-finding system for paths and walkways.

LIMESTONE PAVERS

LIMESTONE PAVERS COLLECTION

Whether for domestic or commercial use, we guarantee we have a product to suit your needs. With a range of colours to compliment our great Australian outdoor lifestyle, we are confident we have exactly what you're looking for.

With over two decades of paving experience, this proudly West Australian and family owned business brings to you a high quality, durable and versatile re-constituted Limestone product. We use quality oxide pigment, waterproofing additives and strengthening agents to ensure a highly durable premium product in a range of colours.

Our 40mm Standard Pavers and Bullnose Pavers are suitable for outdoor entertainment areas and pool surrounds. Our 60mm Standard Pavers are perfect for adding extra strength for driveways and commercial use.
